

Commission on Child Care
Annual Planning Retreat
Wednesday, September 23, 2020
6:00-8:00 p.m.

Agenda

Outcomes:

- To determine the priorities for the commissions work in the upcoming year
- To discuss new and enhanced processes for our work together

PRE-WORK:

1. Optional: read a bit about the history of the commission (letter to Council President Navarro-see attachment)
2. Come to the meeting with creative ideas and an open mind about how to be most effective during dual pandemics (COVID and racial injustice) and our distanced conditions
3. Please send to Erin, by 9/20, a clear sense of what you as an individual are prepared to contribute. Please be CONCRETE, examples like the following will be helpful:
 - I can spend 3 hours/month reviewing or editing letters/documents
 - I can attend meetings with consistency and spend 30 minutes reviewing documents in preparation
 - I can spend 5 hours per month attending virtual/in person meetings in addition to the CCC monthly meetings
 - I am willing to be a buddy for a new commission member, approximately 2 hours per month

*There is **NO JUDGEMENT** about these contributions, this commission is a **volunteer gig** and we recognize that **AND** appreciate any and all of what each of you might be able to contribute. However, we are trying to realistically assess our resources and assets, and want to make sure we set goals we can accomplish with the resources we do have.*
